Subject: Dr. Robert Ketterer Charter School
Environmental Protection Agency
Asbestos Hazard Emergency Response Act
(AHERA) Management Plan- Notification

Dear Parent,

Adelphoi USA, Inc. has inspected Dr. Robert Ketterer Chart School for interior asbestos containing materials and filed an Asbestos Management Plan with the Environmental Protection Agency. A copy of this management plan is on file in the office of Adelphoi USA, Inc., 352 Main St., Latrobe PA 15650, and is available for inspection by the public.

We have implemented an Operations and Maintenance Program to deal with any asbestos containing materials. No asbestos abatement activities have occurred at our school within the past year. The Operations and Maintenance Plan is still in effect.

A periodic surveillance is conducted every six months and a re-inspection of all known or assumed asbestos containing materials was conducted in April 2020 and will be conducted again in 2023.

Adelphoi, USA, Inc. monitors all areas noted on Management Plan so that if any asbestos containing materials become deteriorated they will be removed or repaired and maintained in a sound condition so that they pose no health hazard.
